## FOUNDER PRESIDENT'S APPEAL

A School started in a 10 X 10 room with 2 students is now developed into an 4-storeyed building with 175 students, the foundation of which is the trust of the donors like you.

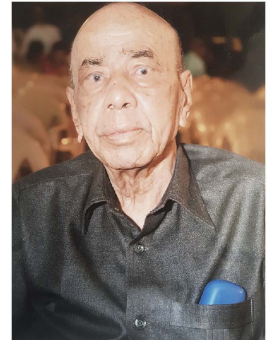

What we have achieved is there before you. Still miles to go further, we all know. There are over 18 million mentally Challenged children, and we are catering to only 175 children though we are, by now Matured enough to serve more than 500 children.

To achieve this uphill task, we are planning to expand further in every respect – building, machinery and projects.

At every milestone, people like you are helping 'Punarvas' to reach the next milestone. We are sure, your help only will support 'Punarvas' in the ongoing journey to serve more and more Differently Abled children.

This is a sincere appeal to you to join hands for the upliftment and rehabilitation of the differently abled section of the society.

Thanking you and looking forward for your co-operation.

# President Message

It is very unfortunate that many children are born with various challenges including mental health problem. There can be various reasons for such metal problems, but the parents and the child suffer financially, socially and emotionally.

The common symptoms found in the child are shouting loudly, urination at any place, unable to chew the food, unable to walk properly and unable to understand the various activities. Such child takes lots of time to understand simple activities. There are many schools who are providing education, vocational training and involve such children in various activities. It is observed that such children are very happy in school with other specially able children.

The management of Punarvas Education Society (M/s PES) along with all supporters always try to improve upon the health and financial position of children and family. The continues discussion and thought process with various stake holders result in improvement in health of children.

M/s PES has undertaken the treatment of such children through homeopathy by organizing camp on every three months at the campus of M/s PES. The treatment is provided by the team of doctors led by leading Homeopath Dr. Tanmay Vijaykar. Nearly 35 to 40 doctors come in camp for treating around 175 children for the last two years. The feedback from parents is obtained during every camp, and the results are astounding. One of the children has shown remarkable improvement wholistically, and was able to take admission in mainstream regular school.

The children from various schools in Mumbai participate in this camp, which is entirely free. The doctors do not charge anything to M/s PES for their services and medicine. Many parents have reported substantial improvement in hyper activeness, chewing of food, understanding, urine problems etc. The teacher and staff members are very happy.

We receive support from the various persons/organizations not only financially but also in helping us to conduct various activities and programs. We wish to thank all the teachers, donors and all supporters who have directly and indirectly assisted M/s PES in conducting various activities.

The school has 14 Special Educators, 1 Art & Craft Teacher, 1 full time Counselor, 1 Speech Therapist & 3 Occupational Therapist. Shri Devrajji Gundecha Punarvas Special School has also employed 8 ex-students as Teacher Assistants to help out in various departments.

# EARLY INTERVENTION UNIT

Early intervention initiatives began in 2002, and in the current academic year, the school has effectively assisted 10 children aged 18 months to 6 years who needed early intervention services. These children exhibited various disabilities, including Autism, Hyperactivity, Attention Deficit Hyperactivity Disorder (ADHD), and Cerebral Palsy. The intervention program included Occupational Therapy, Speech Therapy, and a Nursery Group program.

The core components of the program aim to improve perceptual-motor skills, personal growth, and psychosocial development. A key objective of the initiative is to enhance concentration and attention spans, employing innovative therapeutic methods such as water, sand, and play therapy to promote social interactions and fine motor skills. Furthermore, Punarvas is dedicated to increasing awareness of the importance of early intervention by actively engaging in workshops, webinars, and camps, and has partnered with Sneha Organisation to provide free early intervention therapies at school premises and supported children under 3 years old.

Above image shows the Early intervention activities in progress.

# SCHOOL UNIT PROGRAMMES

This unit offers diverse groups for Pre-primary, Primary, Secondary, NIOS, and Pre-vocational age categories, aiming for holistic child development. This academic year consisted of 116 students including students in the early intervention unit. Each child's skills are accessed in daily living, movement, social interaction, cognition, communication, academics, and environmental awareness three times a year. Based on these assessments, we created an Individualized Educational Plan (IEP) with progress evaluations every six months.

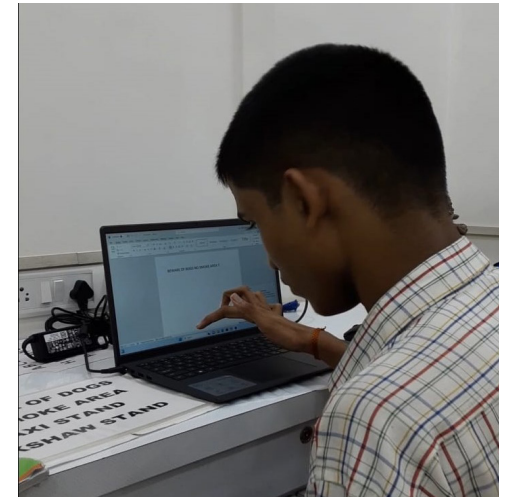

Following the "Disha" Curriculum, we help academically promising students enroll in Pratham and NIOS for mainstream education completion, including the 10th grade. We also encourage participation in arts, sports, and life skills activities, and provide therapies like occupational and speech therapy, counselling, and psychiatric consultations to support comprehensive development. In addition, Punarvas Special School is proud to announce that all 12 students who participated in the National Institute of Open Schooling (NIOS) Open Basic Education (OBE) examination in the 2022-23 academic year achieved remarkable success. Every student passed with either A or B grades, showcasing their exceptional academic abilities and the school's commitment to providing high-quality education.

# VOCATIONAL PROGRAMMES

This program provides training for adults aged 18 and older in the production of items such as agarbattis, candles, and decorative dishes. This year there were 38 participants in total who learnt both hand and machine stitching techniques to create products like coin purses and aprons. They also received training in operating Xerox and lamination machines, as well as crafting decorative items for special/ festive occasions.

We set up stalls to display and sell the creations of our vocational training students at various locations. By partnering with organizations, we strive to enroll individuals with unique talents and assist them in reaching their goals. Many of our graduates have found employment with companies like Amazon and retail chains such as Reliance Mart. Our primary aim is to equip them with the skills necessary for independent living and self-employment.

Students independently creating rakhis and packing them under trainer guidance.

Students independently crafting envelopes under trainers' instructions.

# THERAPIES

## Occupational Therapy

Three Occupational Therapists offer services to students of all ages by organizing therapy sessions into Baby, Trainable, Educable, and Pre-vocational classes four days a week. The activities emphasize fine motor skills through clay work and hand tasks, while gross motor development is supported through obstacle walking, cycling, and gardening exercises. The routine also includes oral motor coordination, sensory play, animal walks, balancing exercises, and cognitive activities, as well as yoga, stretching, and gym classes to promote fitness and independence. Parents receive a home program to aid their children's progress and are encouraged to get involved. Occupational therapy plays a crucial role in enhancing balance, coordination, sensory skills, and daily living abilities.

Exercise for balancing, strengthening of muscles and depth perception

Exercise for sensory stimulation and to provides both vestibular and proprioceptive input

# Speech Therapy

Speech therapy session in progress

We provide Speech Therapy for children aged 3 to 15, focusing on speech and language challenges while promoting overall development in children with disabilities. Our program includes weekly in-person sessions on Mondays, Tuesdays, or Fridays, tailored for individuals or small groups of 2-3 children at similar developmental levels. Each child receives personalized attention to enhance language skills, attention span, and concentration, with specific exercises adapted to their needs. We also involve parents by inviting them to the school and providing daily tasks to reinforce therapy and support their child's goals.

In the 2023-2024 academic year, speech and language therapy sessions ran from June 2023 to April 2024, with 30 children attending weekly on Mondays, Tuesdays, and Thursdays. Monday and Tuesday sessions were from 1:00 PM to 4:00 PM, and Thursdays from 11:00 AM to 2:00 PM, each lasting about 30 minutes. Therapy was provided one-on-one or in small groups of 2-3 children, accommodating up to 10 children daily. Parents received tasks to reinforce learning at home and participated in counseling sessions. Progress was evaluated through assessments in October and April, with early intervention children also assessed. The focus included improving language comprehension and expression, correcting speech, and enhancing attention, with tailored exercises demonstrated as needed.

# Skill Development Program in Retail Therapy

Here we train individuals aged 18 and above for employment in various retail settings such as malls and grocery stores. We were affiliated with the Pradhan Mantri Kaushal Vikas Yojana in 2015, we trained 30 students, resulting in over 15 securing jobs in the retail sector.

Presently, we're collaborating with Sols Arc Institute in the Pathways Training program, offering vocational training to 12 students. This joint venture will provide them with opportunities to work in the retail sector, particularly at Amazon Warehouses.

Skills development class and Internship in progress at Amazon

# Counselling & Guidance

Through-out the year provided Behavior Modification Treatment to students, guidance to teachers, along with regular parent counseling. Conducted group counseling to students who are 10 years and older, which further helps them enhance their social communication and emotional skills, ultimately improving their overall personality. The topics covered in group counseling include peer pressure, listening skills, appropriate behaviour, and more as per the class requirements.

For parents or outpatients seeking guidance, we provided information on different schemes and benefits available for special needs via government, as well as assisted more than 40+ in need children with disability for the Schools & Workshops that are available in various locations. Furthermore, we are actively reached out to college students and the general public to raise awareness, sensitization and about the prevalence of disabilities and emphasize the importance of prevention.

## PROJECT : SUPPORT US

**ADOPT A CHILD:** Supporting a child with special needs can transform their life and that of their family. By contributing Rs. 66,000 annually, you ensure access to vital resources that help them thrive. This budget covers essential areas: educational expenses for specialized programs and materials, outings for social skills development, therapies like occupational and speech therapy, and necessary medications. Your generosity provides crucial financial support, instills hope, and empowers these children to reach their full potential. Every contribution, no matter the size, makes a meaningful impact.

**BALAK PALAK YOJANA:** Support a child's yearly educational expenses. The annual fee for each child is Rs 8000/-. We have a total of 175 students in our school. You can choose to sponsor as many children as you like.

**GENERAL DONATION:** Make a significant impact with a General Donation to our school, benefiting the well-being and upkeep of our students, faculty, and institution. Your generous contribution will truly make a difference.

**SPONSOR OVERNIGHT PICNIC:** Join us in sponsoring an Overnight Picnic where our older students embark on a memorable adventure at a nearby resort. This exciting educational excursion allows them to discover a new world and apply the skills they've learned. By sponsoring as much as you can, you'll help support nearly 100 students attending this enriching Overnight Camp, with a total expense of approximately Rs.1,50,000/- (Rupees One Lac Fifty Thousand only). Your support is greatly appreciated.

**SPONSOR ONE DAY PICNIC:** Join us in sponsoring a one-day picnic for our small students! Your support is crucial in making this event possible for approximately 50 to 60 students. The total expense for this one-day picnic is approximately Rs. 50,000/-. Your contribution will make a lasting impact on these young minds.

**RAW MATERIALS FOR VOCATIONAL CENTRE:** Our vocational training center has been empowering students with valuable skills for over 18 years. We offer a wide range of programs, including creating beautiful products like flowers, files & folders, aprons, pouches, and more. To provide the necessary materials, we rely on generous sponsorships. The annual cost for these raw materials amounts to approximately Rs. 800000/- (Rupees Eight Lac). Supporting our center can make a meaningful difference in the lives of aspiring individuals seeking to enhance their vocational abilities.

**SPONSOR A JOB FOR FEMALE INTELLECTUALLY DEFICIT:** Our girl students need a secure & protective work place. We have started employing girl students as teacher Assistants & we need Sponsors to fund their salaries. The Annual salary of per student is Rs 12,000/-. There are in all 8 Female employees.
